SUBMISSION OF TERMINAL DISCLAIMER
AND APPLICANTS' INTERVIEW SUMMARY

Sir:

Enclosed herewith is a Terminal Disclaimer for the above-identified application in accordance with the discussion at the Examiner interview on September 4, 2002.

Regarding the interview, the Examiner's Interview Summary form fails to indicate that the applicants need not provide a separate record of the substance of the interview. While that is believed to have been an oversight, the applicants hereby state that nothing was covered at the interview that is not contained in the Supplemental Preliminary Amendment, Information Disclosure Statement, and Request for an Interference dated July 19, 2002, or in the record of the present application, and that the Examiner's Interview Summary is an accurate summary of the topics discussed. The applicants' representative would, however, like to take this opportunity to provide the Examiner with the attached printout of the PowerPoint slide used during the interview while discussing Patent and Trademark Office interference procedures with the Examiner. The slide was displayed on the applicants' representative's computer during the interview, and a printout was not
